Problem Solving
A pizza chef recalled how many pizzas she had made during the past 4 days. On which day did the chef make the most pizzas?

| Pizzas made |  |
| :--- | :---: |
| Day | Number of pizzas |
| Friday | 63 |
| Saturday | 69 |
| Sunday | 62 |
| Monday | 67 |

Joe went to the duck pond and counted all the ducks. He saw 37 green ducks, 23 white ducks, and 3 brown ducks. How many ducks did Joe see in all?
