Problem Solving

A cheesemaker sold 8 big wheels of cheese for $121 each. How much money did the cheesemaker receive in total?

Britney started a stamp collection. She collected 118 stamps that had been printed between 1950 and 1980, 83 stamps that had been printed between 1900 and 1949, and 4 stamps that had been printed before 1900. She put all her stamps into albums. She filled the first album with 125 stamps. How many stamps did she need to put in another album?
